

GuruScan Privacy Statement
Version 20 May 2020

Thank you for visiting GuruScan Website. On our website, we use cookies (See “Cookie Policy”) and gather (personal) data through multiple forms. GuruScan considers protecting this data important and applies privacy legislation associated with it.

In this privacy statement, we will explain how GuruScan handles and protects your data.

Data Handling

We will use the collected data for marketing purposes only. GuruScan will collect and process the following personal information:

- First and Last Name
- Company or organization
- Role or function
- E-mail address
- Telephone number

The personal information above is used to:

- send you information about GuruScan
- send updates about GuruScan
- to promote, sell and provide our products and services

Marketing Communication

In addition to personal information, you can also subscribe to our marketing information (Twitter, Facebook, and LinkedIn) to get updates about products and services. However, these third party platforms collect data, which is *not* controlled by GuruScan. We recommend reading the privacy statements of this platform regarding privacy, for your own concern.

Data Removal

If you prefer that your data is not used at all, our marketing communication is available at any time, whereas a request for data removal or modifications can be obtained.

By law, data that are collected can be stored for four weeks. You can be asked for approval whenever you wish to (not) keep receiving GuruScan updates, products, and services.

Cookies Policy

Our online services use cookies. Cookies are a small text file that is saved and stored in the browser of any device when you first visit this website. The information is stored, so that you do not need to constantly re-enter the same information, during your visit. In addition, cookies also show that you are visiting us again.

We do not keep the cookies longer than provided for in legislation and strictly necessary for the fulfillment of our purposes.

When GuruScan online services/ products are used, our servers automatically record multiple information such as IP-address, time, location and browser.

Deleting cookies

Cookies are automatically deleted whenever the expiration date has passed. You can control what happens with the cookies by disabling or deleting them manually at any point of time. This can be done in your own browser settings. Having trouble? please refer to the help section of your browser.

Disclaimer

Despite GuruScans attention and care for the composition of the website. Some information can still be incomplete or incorrect. If such cases happen, we will correct this mistake as quickly as possible.

We cannot be held liable for any form of damage from using our website or the information available on our website.

Filing a complaint

If you believe we do not handle your personal data in a rightful way. You have the right to file a complaint in the Dutch Data Protection Authority.
